History of GSA

- **Creation:** Established by President Truman on **July 1, 1949**, to streamline the administrative work of the federal government. GSA consolidated the National Archives and multiple supply and facility functions.

- **Original Mission**: To dispose of war surplus goods, manage and store government records, manage emergency preparedness, and stockpile strategic supplies for wartime.

- **An Evolving Mission**: Through its two largest offices – the Public Buildings Service and the Federal Acquisition Service - and various staff offices, GSA provides workspace to more than 1 million federal civilian workers, oversees more than 480 historic buildings, and facilitates the purchase of goods and services from quality commercial vendors.

Government Supply Sources

FAR 8.002

A Government to Government Wholesale Supply Source

FAR 8.002 Priorities for use of Government supply sources.

(a) Except as required by 8.003, or as otherwise provided by law, agencies shall satisfy requirements for supplies and services from or through the sources and publications listed below in descending order of priority—

i. Agency inventories

ii. Excess from other agencies

iii. Federal Prison Industries, Inc. (UNICOR)

iv. Supplies which are on the Procurement List maintained by the Committee for Purchase from People who are Blind or Severely Disabled

v. <u>Wholesale supply sources, such as stock programs of the GSA (GSA Global Supply™), DLA or VA</u>

A Government to Government Wholesale Supply Source

- GSA Global Supply™ has already procured the most in-demand products on the government's behalf, meaning that **your order is a simple requisition between agencies**.

- Requisitions satisfy all Federal Acquisition Regulation (FAR) requirements, including trade agreement policies, socioeconomic goals, AbilityOne mandates, and executive orders.

- Place a requisition via DoD Activity Address Code, Civilian Activity Address Code, and/or Government Purchase Card.

- GSA is integrated with Department of Defense (DoD) financial systems.

GSA's Sources of Supply

FAR 8.002

Instructions: The following payment methods are associated with your membership. You may enter any necessary changes and click 'Update' to save. If you have a Purchase Card, make sure the expiration date is valid.

Note: The billing option for purchase card is offered for purchases of GSA NSNs only (not available for items authorized/billed by a contractor). On your card statement, these purchases can appear as individual lines or can be consolidated. If you elect consolidated billing, and need to view a breakdown of this consolidated line when reconciling your statement, you may login to GSA Advantage, click on Your Orders then click on "Reconcile credit card statement". Follow the instructions on the screen to obtain a breakdown of the consolidated line.

What is a GSA 4PL Solution?

- Can be in the form of a brick and mortar store operation, a hub and spoke operation, a referral ordering operation or hybrid. In the PNW, we are currently operating through a referral process with Marine Corps Logistics Base Barstow, California

- The 4PL program allows users to focus on core competencies by leveraging GSA's contracting and acquisition experience and the product-fulfillment expertise of industry leaders

- For DoD Customers, you can use MIPRs. They are funding documents used to obligate funds to meet a specific need for a definitive period of time. To submit an order, you would need document DD448 and a valid DoDAAC and fund code

GSA Referral Ordering https://webshop.gsa.gov

What It Is

- Government to Government Supply "Requisition"
- Fully FAR Compliant
- Document Number / DODAAC obligation
- Commercial Off the Shelf (COTS) Items
- *Fast and Compliant* for GSA Pre-Approved Items

What It Is Not

- Not a Supply "Acquisition"
- Not *GSA Advantage!*
- Not Fedmall
- Not suited for NSN's – COTS Only
- Not a Purchase Card program
- Does not eliminate Audit Requirements / Readiness
