GSA Schedule vs. Open Market
This course is sponsored by the GSA Federal Acquisition Service in association with the Federal Acquisition Institute.
Learning Objectives

Upon completion of this course, you should be able to:

- Describe the MAS program
- Describe FAR Subpart 8.4, Part 13 and Part 15 procedures and the role of each in acquisition strategy and planning
- Recognize the similarities and differences among FAR Subpart 8.4, Part 13 and Part 15 procedures
- Identify the advantages and restrictions associated with using FAR Subpart 8.4, Part 13 and Part 15
Introduction to the MAS Program
GSA Schedules Consolidation and Modernization

• GSA consolidated 24 Schedules into one (1) Schedule.

• There will be no major impact on customers as a result of the consolidation

• Customers will experience a more streamlined and simplified buying experience under the new Schedule.

• The new Schedule will align with governmentwide categories and will make it easier for customers to acquire the products, services, and solutions they need to meet their mission requirements.

• NAICS based SINs simplify the scope determination process.
GSA Schedule Consolidation and Modernization

- Contract number does not change
- Period of Performance does not change
- No SINs have been completely cancelled
  - SINs were consolidated from 881 to 317 NAICS based SINs
  - Contractor must have SIN awarded by GSA CO in order to offer
- 12 Large Categories and 83 Subcategories

What is a Multiple Award Schedule?

- Governmentwide contract vehicle for **commercial** products, services, and solutions

- Also known as “Federal Supply Schedule (FSS),” “GSA Schedule” or “MAS”

- Standing solicitation posted on beta.SAM.gov

- Awarded using FAR Part 12 procedures
### MAS Contract Characteristics

- Multiple Award IDIQ (5 year award, three 5 year options)
- Fixed Price EPA
- Fair and reasonable pricing
  - Price reductions may be applied at the order level
- Performance requirements established at the order level

Overview of FAR Parts 8.4, 13, and 15

What do FAR Subpart 8.4, FAR Part 13, and FAR Part 15 cover?
An Overview of the Parts

FAR Subpart 8.4, Part 13, and Part 15 provide alternative means for getting your requirements on contract:

</tr>
</tbody>
</table>
What is FAR Subpart 8.4?

FAR Subpart 8.4 addresses ordering from GSA Multiple Award Schedule (MAS), specifically:

- Placing delivery orders and task orders
- Ordering procedures for supplies and services **not** requiring Statement of Work (SOW)
- Ordering procedures for services requiring SOW
- Blanket Purchase Agreements (BPAs) for repetitive buys
  - Establishing BPAs
  - Ordering under BPAs
Fair Opportunity

- Fair Opportunity is a basic element of FAR Subpart 8.4

  - Required when the value of a procurement exceeds the SAT

- FAR Opportunity requires:

  - RFQ posted on eBuy to afford all schedule contractors under the appropriate Special Item Number an opportunity to submit a quote

  OR

  - Provide RFQ to as many Schedule contractors as practicable to reasonably ensure at least three quotes will be received
What is FAR Part 13?

- Simplified acquisition procedures used for acquisitions below the SAT
- Solicitation may be an oral or written RFQ
- Results in issuance of a Purchase Order, Purchase Card transaction, or a Blanket Purchase Agreement (BPA)
- Procedures are simple and straightforward and award is most often made on basis of lowest price; however, other factors may be utilized including technical capability and past performance
- Keeps contract terms and conditions to a minimum
- Items and services to be acquired are “open market,” i.e., not available from required sources of supply as outlined in FAR 8.002
- All such open-market acquisitions between the micro purchase level and the SAT are reserved for small businesses
What is FAR Part 15?

- Negotiated procurements
  - Solicitation is a Request for Proposal (RFP)
  - Results in stand-alone contracts, either single or multiple awards
  - Used when sealed bidding is not suitable
- Contains rules for source selection, including cost/technical tradeoffs
- Pricing rules and procedures

How does FAR Subpart 8.4 compare to FAR Parts 13 and 15?
Acquisition Planning - FAR Part 7

- Acquisition planning is required regardless of chosen strategy
  - Planning required for all acquisitions, but under Part 13, formal planning requirements are limited to economic purchase quantities (FAR Part 7.202)
  - Written planning and coordination required based on dollar amount, contract type and complexity, and competition strategy (follow agency procedures)

- Market research will drive planning decisions
  - Acquisition plans capture this information

- Performance-based preference for services

Advantages of the MAS Program
Advantages of FAR Subpart 8.4

- Saves time
  - Full and open competition has already been obtained
  - Small business set-asides are permissible
  - Publication on beta.SAM.gov website is not required
  - Reasonable prices have already been negotiated
  - Terms and conditions are already in place
- Awards to Small/SDBs count toward socioeconomic program goals
- Flexible purchase options: orders and BPAs
- Contractor teaming agreements allow for complete solutions
FAR Subpart 8.4 Simplifies the Acquisition Process

Schedule Orders are:
✔ Faster
✔ Easier
✔ More Economical

In contrast to FAR Part 15, Schedule orders do **not** require:
• Formal evaluation (SSEB not required)
• Cost analysis (commercial pricing at the Schedule level)
• Extensive documentation (less formal process)
• Debrief (may provide brief explanation)
• Competitive range determination
Schedule users shall **not:**

Ø Seek further competition outside of the MAS program

Ø Synopsized the requirement

FAR 8.404(a)
Ordering Procedures for Products

FAR 8.405-1

EXCEEDS SAT

• The ordering activity contracting officer shall provide an RFQ that includes a description of the supplies to be delivered or the services to be performed and the basis upon which the selection will be made
• Develop the RFQ and post to GSA eBuy or provide the RFQ to as many schedule contractors as practicable to reasonably ensure that quotes will be received from at least three
  (Document file if receive less than three quotes)
• Limited Sources Justification, if applicable
• Shall seek a price reduction (FAR 8.405-4)
• Best value determination
• May not place orders orally

MICRO-SAT

• Ordering activities shall place orders with the schedule contractor that can provide the supply or service that represents the best value
• Survey ≥ 3 contractors (GSA Advantage, Catalogs, Pricelists)
• Limited Sources Justification, if applicable
• Determine if a price reduction should be sought
• Best value determination

BELOW MICRO

• Ordering activities may place orders with any Federal Supply Schedule contractor that can meet the agency’s needs
• Although not required to solicit from a specific number of schedule contractors, ordering activities should attempt to distribute orders among contractors
Ordering Procedures for **Services** Requiring an SOW

**FAR 8.405-2**

**MICRO-SAT**

- The ordering activity shall develop a statement of work, and shall provide the RFQ (including the statement of work and evaluation criteria) to at least three schedule contractors that offer services that will meet the agency’s needs.

- Specify the type of order (i.e., firm-fixed-price, labor-hour) for the services identified in the statement of work.

- Limited Sources Justification, if applicable.

- Determine if a price reduction should be sought.

- Best value determination.

**BELOW MICRO**

- Ordering activities may place orders with any Federal Supply Schedule contractor that can meet the agency’s needs.

- Although not required to solicit from a specific number of schedule contractors, ordering activities should attempt to distribute orders among contractors.
Ordering Procedures for **Services** Requiring an SOW (cont)

FAR 8.405-2

- Each order **shall** be placed on a competitive basis - unless waived on the basis of a limited sources justification
- The ordering activity contracting officer **shall** provide an RFQ that includes a statement of work and the evaluation criteria
- Provide the RFQ to as many schedule contractors as practicable to reasonably ensure quotes from at least three contractors
- When fewer than three quotes are received from schedule contractors that can fulfill the requirements, the contracting officer **shall** prepare a written determination to explain that no additional contractors capable of fulfilling the requirements could be identified despite reasonable efforts to do so. The determination must clearly explain efforts made to obtain quotes from at least three schedule contractors
- Ensure all quotes received are fairly considered and award is made in accordance with the evaluation criteria
- The ordering activity shall provide the RFQ (including the statement of work and the evaluation criteria) to any Schedule contractor who requests it
  - **Shall** seek price reduction (FAR 8.405-4)
  - Best value determination
  - Overall price reasonableness determination (consider mix of labor and level of effort)
  - **May not place orders orally**
Part 19 generally does not apply to schedules orders – (See 8.404(a))

- FAR 8.405-5 provides policy for Schedules set-asides

19.502-4 Multiple-award contracts and small business set-asides.

- Contracting officers may, at their discretion—

  (c) Set aside orders placed under multiple-award contracts for any of the small business concerns identified in FAR 19.000(a)(3)…

  o “For Federal Supply Schedules Program orders see FAR 8.405-5.”

19.507(e) requires clauses for total and partial set-asides as well as limitations on subcontracting be added to orders under MAS.
8.405-5(a)(2) – Follow the ordering procedures at:

- **8.405-1** – Products and services without SOW
- **8.405-2** – Services with an SOW
- **8.405-3** – BPAs

The specific small business program eligibility requirements identified in Part 19 apply.
8.405-5(b) – Orders placed against schedule contracts may be credited toward the ordering activity’s small business goals.

- For purposes of reporting, an ordering agency may only take credit if the awardee meets a size standard that corresponds to the work performed

- Ordering activities should rely on the small business size representations made at the Schedule contract level

Agencies do not need to make a separate size determination at the order level, however…

- GAO has upheld agencies’ right to request a recertification at the order level (CMS Information Services Inc., B-290541, Aug. 7, 2002)
Limiting Sources (8.405-6)

Use of Limited Sources Justification

- Schedule orders may be awarded on a sole-source or brand-name basis as required by the ordering activity.

- Such orders must have an approved Limited Sources Justification (LSJ) and the OCO must post the required public notice within 14 days after placing the order.

- This posting requirement includes posting the approved LSJ at the government point of entry at beta.SAM.gov for a minimum of 30 days (see FAR 8.405-6(a)(2)).
Exceptions Allowing Limited Source Orders

- Essential to the Government's requirements
- No other product or service meets the need
- Logical follow-on work to an original Schedule order
- Urgent and compelling need overrides ordering procedures delays
