Attachment 1 – Draft Significant Changes

Purpose of Planned Action
As part of the strategic implementation of the rule across all GSA contracts, the agency will introduce the transactional data reporting requirement with a pilot of select products and services under the FSS program. This pilot will be introduced in a phased approach beginning in August 2016.

Summary of Planned Changes
Below is a high-level description of significant changes planned for the upcoming TDR refresh and corresponding mass modification. TDR will be mandatory for new offers received after implementation. At this time, for existing contractors, acceptance of the modification is optional but strongly encouraged. GSA may consider noncompliance with this modification when determining whether to exercise the next contract option period, i.e., GSA may choose not to exercise the next option period, thereby allowing the contract to expire.

1. CSP Disclosures: FSS contractors who accept the TDR modification will no longer be required to provide CSP disclosures for modification requests on contracts subject to the new Transactional Data Reporting clause, 552.238-74 Alternate I (June 2016).

2. Price Reductions Tracking: The new Price Reductions clause, 552.238-75 Alternate I (July 2016), does not include the basis of award tracking customer requirement.

3. Method of Payment for IFF: The pay.gov payment system will not accommodate paper checks. All IFF payments must be made by electronic check, Credit Card or Debit Card.

4. Pilot Schedules with selected SINs included: For the two pilot Schedules that include only select SINs - The Professional Services Schedule (00CORP) and Schedule 70 - new offers that include SINs covered by the pilot will be subject to transactional data reporting terms and conditions for the entire contract. That means offerors will be exempt from providing the CSP in their offer for all SINs, exempt from the tracking customer requirement in the PRC on all SINs throughout the life of the contract, and required to report transactional data on all SINs throughout the life of the contract. The same will apply for current Schedule 70 and 00CORP PES contractors once the TDR modification is accepted.

Clause/Provision Updates
Below is a summary of clause/provision changes that will be made to implement TDR. The full text for any new or updated clauses and provisions not currently available in the FAR or GSAM are provided at the end of this document.

552.216-70 ECONOMIC PRICE ADJUSTMENT–FSS MULTIPLE AWARD SCHEDULE CONTRACTS (SEP 1999) (DEVIATION IV – JUL 2016)

Price adjustments include price increases and price decreases. Adjustments will be considered as follows:

(a) Contractors may submit price decreases anytime during the contract period in which they occur. Price decreases will be handled in accordance with the provisions of the Price Reduction Clause.

(b) Contractors may request price increases providing all of the following conditions are met:

(1) Increases are requested before the last 60 days of the contract period.

(2) At least 30 days elapse between requested increases.

(c) Documentation supporting the reasonableness of the price increase shall be submitted with the request for a price increase.

(d) The Government reserves the right to exercise one of the following options:

(1) Accept the Contractor's price increases as requested when all conditions of paragraphs (b) and (c) of this clause are satisfied;

(2) Negotiate smaller increases when the total increase requested is not supported; or,

(3) Remove the product(s) from contract involved pursuant to the Cancellation Clause of this contract, when the increase requested is not supported.

(e) The increased contract prices shall apply to delivery orders issued to the Contractor on or after the effective date of the contract modification.

552.238-74 INDUSTRIAL FUNDING FEE AND SALES REPORTING (MAY 2014) (ALTERNATE I - JUN 2016)

(a) Definition. Transactional data encompasses the historical details of the products or services delivered by the Contractor during the performance of task or delivery orders issued against this contract.
(b) Reporting of Transactional Data. The Contractor must report all transactional data under this contract as follows:

(1) The Contractor must electronically report transactional data by utilizing the automated reporting system at an Internet website designated by the General Services Administration (GSA) or by uploading the data according to GSA instructions. GSA will post registration instructions and reporting procedures on the Vendor Support Center website, https://vsc.gsa.gov. The reporting system website address, as well as registration instructions and reporting procedures, will be provided at the time of award or inclusion of this clause in the contract.

(2) The Contractor must provide, at no additional cost to the Government, the following transactional data elements, as applicable:

(i) Contract or Blanket Purchase Agreement (BPA) Number.
(ii) Delivery/Task Order Number/Procurement Instrument Identifier (PIID).
(iii) Non Federal Entity.
(iv) Description of Deliverable.
(v) Manufacturer Name.
(vi) Manufacturer Part Number.
(vii) Unit Measure (each, hour, case, lot).
(viii) Quantity of Item Sold.
(ix) Universal Product Code.
(x) Price Paid per Unit.
(xi) Total Price.

Note to paragraph (b)(2): The Contracting Officer may add data elements to the standard elements listed in paragraph (b)(2) of this section with the approvals listed in GSAM 507.105(c)(3).

(3) The contractor must report transactional data within 30 calendar days from the last calendar day of the month. If there was no contract activity during the month, the Contractor must submit a confirmation of no reportable transactional data within 30 calendar days of the last calendar day of the month.

(4) The Contractor must report the price paid per unit, total price, or any other data elements with an associated monetary value listed in (b)(2) of this section, in U.S. dollars.

(5) The reported price paid per unit and total price must include the Industrial Funding Fee (IFF).

(6) The Contractor must maintain a consistent accounting method of transactional data reporting, based on the Contractor’s established commercial accounting practice.

(7) Reporting Points.
(i) The acceptable points at which transactional data may be reported include—

(A) Issuance of an invoice; or

(B) Receipt of payment.

(ii) The Contractor must determine whether to report transactional data on the basis of invoices issued or payments received.

(8) The Contractor must continue to furnish reports, including confirmation of no transactional data, through physical completion of the last outstanding task or delivery order of the contract.

(9) Unless otherwise expressly stated by the ordering activity, orders that contain classified information or other or information that would compromise national security are exempt from this reporting requirement.

(10) This clause does not exempt the Contractor from fulfilling existing reporting requirements contained elsewhere in the contract.

(11) GSA reserves the unilateral right to change reporting instructions following 60 calendar days’ advance notification to the Contractor.

(c) **Industrial Funding Fee (IFF).**

(1) This contract includes an IFF charged on orders placed against this contract. The IFF is paid by the authorized ordering activity but remitted to GSA by the Contractor. The IFF reimburses GSA for the costs of operating the Federal Supply Schedule program, as set forth in 40 U.S.C. 321: Acquisition Services Fund. Net operating revenues generated by the IFF are also applied to fund initiatives benefitting other authorized GSA programs, in accordance with 40 U.S.C. 321.

(2) GSA has the unilateral right to change the fee amount at any time, but not more than once per year; GSA will provide reasonable notice prior to the effective date of any change. GSA will post notice of the current IFF on the Vendor Support Center website at [https://vsc.gsa.gov](https://vsc.gsa.gov).

(3) Offerors must include the IFF in their prices. The fee is included in the awarded price(s) and reflected in the total amount charged to ordering activities. The fee will not be included in the price of non-contract items purchased pursuant to a separate contracting authority, such as a Governmentwide Acquisition Contract (GWAC); a separately awarded Federal Acquisition Regulation (FAR) Part 12, FAR Part 13, FAR Part 14, or FAR Part 15 procurement; or a non-FAR contract.
(4) The Contractor must remit the IFF to GSA in U.S. dollars within 30 calendar days after the last calendar day of the reporting quarter; final payment must be remitted within 30 calendar days after physical completion of the last outstanding task order or delivery order issued against the contract.

(5) GSA reserves the unilateral right to change remittance instructions following 60 calendar days’ advance notification to the Contractor.

(d) The Contractor’s failure to remit the full amount of the IFF within 30 calendar days after the end of the applicable reporting period constitutes a contract debt to the United States Government under the terms of FAR Subpart 32.6. The Government may exercise all rights under the Debt Collection Improvement Act of 1996, including withholding or offsetting payments and interest on the debt (see FAR clause 52.232-17, Interest). If the Contractor fails to submit the required transactional data reports, falsifies them, or fails to timely pay the IFF, these reasons constitute sufficient cause for the Government to terminate the contract for cause.

552.238-75 PRICE REDUCTIONS (JUL 2016) (ALTERNATE I - JUL 2016)

(a) The Government may request from the Contractor, and the Contractor may provide to the Government, a temporary or permanent price reduction at any time during the contract period.

(b) The Contractor may offer the Contracting Officer a voluntary price reduction at any time during the contract period.

552.238-81 MODIFICATION (FEDERAL SUPPLY SCHEDULE) (APR 2014) (ALTERNATE II - JUN 2016)

(a) General. The Contractor may request a contract modification by submitting a request to the Contracting Officer for approval, except as noted in paragraph (d) of this clause. At a minimum, every request shall describe the proposed change(s) and provide the rationale for the requested change(s).

(b) Types of Modifications.

(1) **Additional items/additional SINs.** When requesting additions, the Contractor must submit the following information:

(i) Information about the new item(s) or the item(s) under the new SIN(s) must be submitted in accordance with the instructions in the solicitation.

(ii) Delivery time(s) for the new item(s) or the item(s) under the new SIN(s) must be submitted in accordance with the request for proposal.
(iii) Production point(s) for the new item(s) or the item(s) under the new SIN(s) must be submitted if required by FAR 52.215-6, Place of Performance.

(iv) Hazardous Material information (if applicable) must be submitted as required by FAR 52.223-3 (Alternate I), Hazardous Material Identification and Material Safety Data.

(v) Any information requested by FAR 52.212-3(f), Offeror Representations and Certifications-Commercial Items, that may be necessary to assure compliance with FAR 52.225-1, Buy American Act-Balance of Payments Programs-Supplies.

(2) Deletions. The Contractor must provide an explanation for the deletion. The Government reserves the right to reject any subsequent offer of the same item or a substantially equal item at a higher price during the same contract period, if the Contracting Officer determines that the higher price is unreasonable compared to the price of the deleted item.

(c) Effective dates. The effective date of any modification is the date specified in the modification, except as otherwise provided in the Price Reductions clause at 552.238-75.

(d) Electronic File Updates. The Contractor shall update electronic file submissions to reflect all modifications. For additional items or SINs, the Contractor shall obtain the Contracting Officer’s approval before transmitting changes. Contract modifications will not be made effective until the Government receives the electronic file updates. The Contractor may transmit price reductions, item deletions, and corrections without prior approval. However, the Contractor shall notify the Contracting Officer as set forth in the Price Reductions clause at 552.238-75.

(e) Amendments to Paper Federal Supply Schedule Price Lists.

(1) The Contractor must provide supplements to its paper price lists, reflecting the most current changes. The Contractor may either:

(i) Distribute a supplemental paper Federal Supply Schedule Price List within 15 workdays after the effective date of each modification.

(ii) Distribute quarterly cumulative supplements. The period covered by a cumulative supplement is at the discretion of the Contractor, but may not exceed three calendar months from the effective date of the earliest modification. For example, if the first modification occurs in February, the quarterly supplement must cover February-April, and every three month period after. The Contractor must distribute each quarterly cumulative supplement within 15 workdays from the last day of the calendar quarter.

(2) At a minimum, the Contractor shall distribute each supplement to those ordering activities that previously received the basic document. In addition, the Contractor shall
submit two copies of each supplement to the Contracting Officer and one copy to the FSS Schedule Information Center.

CI-FSS-151-N  ADDITIONAL EVALUATION FACTORS FOR AWARD TO NEW OFFERORS (OCT 2015) (ALTERNATE I - JUL 2016)

(a) The Government will consider award to a responsible offeror, whose offer conforms to all solicitation requirements, is determined technically acceptable, has acceptable past performance, and whose prices are determined fair and reasonable.

(1) Section I - Administrative/Contract Data:

Section I - Administrative/Contract Data will be evaluated for successful completion of all requirements outlined in provision SCP-FSS-001-N Instructions Applicable to New Offerors and, as applicable, provisions SCP-FSS-002 Specific Proposal Instructions for Services, SCP-FSS-003 Specific Proposal Instructions for Products, SCP-FSS-004 Specific Proposal Instructions for Schedule 70, SCP-FSS-005 Special Proposal Instructions for Products for Schedule 751, and SCP-FSS-006 Special Proposal Instructions for Products and Services for Schedule 23V.

(2) Section II - Technical Proposal:

(i.) Section II - Technical Proposal will be reviewed, evaluated and rated acceptable or unacceptable based on the technical evaluation factors described in provision SCP-FSS-001-N and, as applicable, provisions SCP-FSS-002, 003, 004, 005, and 006 of the solicitation document. Award will be made on a SIN-by-SIN basis. A rating of “unacceptable” under any evaluation factor will result in an “unacceptable” rating overall for that SIN. Offers determined technically unacceptable for all proposed SINs will be rejected.

(ii.) Factor One - Corporate Experience: Failure to provide the information as described in provision SCP-FSS-001-N for Factor One will result in an “unacceptable” rating for that SIN. The offeror shall have demonstrated that the firm can successfully perform, administer, and complete ordering activity tasks that may be awarded against a contract awarded under this solicitation. It must also demonstrate that the services proposed for each SIN are within the Scope of Work in Part I of this solicitation.

(iii.) Factor Two - Past Performance: Failure to provide information as described in Factor Two of provision SCP-FSS-001-N may result in an “unacceptable” rating for the Technical Proposal. The results of the Open Ratings Past Performance Evaluation will be considered, along with other information available to the contracting officer in determining the past performance rating of the offeror. The Government reserves the right to consider any other pertinent information that comes to the attention of the Government regarding the offeror’s past performance. The Government will consider the offeror's performance in the following key areas: Overall Performance, Reliability,
Cost, Order Accuracy, Delivery/Timeliness, Quality, Business Relations, Personnel, Customer Support, and Responsiveness. Those offerors demonstrating a pattern of consistent acceptable performance will receive an acceptable rating.

(iv.) Factor Three - Quality Control: Failure to provide the required information as described in Factor Three of provision SCP-FSS-001-N may result in an “unacceptable” rating for the Technical Proposal.

(v.) Factor Four - Relevant Project Experience: The offeror must submit the information described in Factor Four of provision SCP-FSS-002 and/or SCP-FSS-003 of the solicitation. For SCP-FSS-002, the offeror must also demonstrate the successful completion of orders that are of a similar or greater complexity to the orders described in the statement of work in Part I of the solicitation.

(vi.) Technical proposals that are unrealistic in terms of technical commitment, lack technical competence, or are indicative of failure to comprehend the complexities and risks of solicitation requirements will be rejected.

(3) Section III - Price Proposal:

(i.) Section III - Price Proposal will be evaluated for successful completion of all requirements outlined in provision SCP-FSS-001-N and, as applicable, provisions SCP-FSS-002, 003, 004, 005, and 006 of the Solicitation document. In order for the Section III - Pricing Proposal to be rated acceptable, the contracting officer must determine that the proposed pricing is fair, reasonable, and supportable, based on the submission of sufficient pricing information as outlined in provision SCP-FSS-001-N and, as applicable, provisions SCP-FSS-002, 003, 004, 005, and 006.

(ii.) The proposed pricing must be advantageous to the Government.

(b) The Government reserves the right to award or reject without discussions. Therefore, the offeror’s initial proposal should contain the best terms from a price and technical standpoint.

CI-FSS-151-S ADDITIONAL EVALUATION FACTORS FOR AWARD TO SUCCESSFUL FSS PROGRAM CONTRACTORS (OCT 2015) (ALTERNATE I - JUL 2016)

(a) The Government will consider award to a responsible offeror, whose offer conforms to all solicitation requirements, is determined technically acceptable, has acceptable past performance, and whose prices are determined fair and reasonable.

(1) Section I - Administrative/Contract Data:
Section I - Administrative/Contract Data will be evaluated for successful completion of all requirements outlined in provision SCP-FSS-001-S Instructions Applicable to Successful FSS Program Contractors and, as applicable, provisions SCP-FSS-002 Specific Proposal Instructions for Services, SCP-FSS-003 Specific Proposal Instructions for Products, SCP-FSS-004 Specific Proposal Instructions for Schedule 70, SCP-FSS-005 Special Proposal Instructions for Products for Schedule 751, and SCP-FSS-006 Special Proposal Instructions for Products and Services for Schedule 23V.

(2) Section II - Technical Proposal:

(i.) Section II - Technical Proposal will be reviewed, evaluated and rated acceptable or unacceptable based on the two technical evaluation factors described in provision SCP-FSS-001-S and, as applicable, provisions SCP-FSS-002, 003, 004, 005, and 006 of the solicitation document. Award will be made on a SIN-by-SIN basis. A rating of “unacceptable” under any evaluation factor will result in an “unacceptable” rating overall for that SIN. Offers determined technically unacceptable for all proposed SINs will be rejected.

(ii.) Quality Control: Failure to provide the required information as described in Quality Control under provision SCP-FSS-001-S may result in an “unacceptable” rating for the Technical Proposal.

(iii.) Past Performance: The contracting officer will use the results of a search of known past performance information regarding the existing FSS contract, including but not limited to information in PPIRS along with any relevant past performance information provided by the offeror, to determine the past performance rating of the offeror. The Government reserves the right to consider any other pertinent information that comes to the attention of the Government regarding the offeror’s past performance. Those offerors demonstrating a pattern of satisfactory performance will receive an acceptable rating.

(iv.) Technical proposals that are unrealistic in terms of technical commitment, lack technical competence, or are indicative of failure to comprehend the complexities and risks of solicitation requirements will be rejected.

(3) Section III - Price Proposal:

(i.) Section III - Price Proposal will be evaluated for successful completion of all requirements outlined in provision SCP-FSS-001-S and, as applicable, provisions SCP-FSS-002, 003, 004, 005, and 006 of the solicitation document. In order for the Section III - Pricing Proposal to be rated acceptable, the contracting officer must determine that the proposed pricing is fair, reasonable, and supportable, based on the submission of sufficient pricing information as outlined in provision SCP-FSS-001-S and, as applicable, provisions SCP-FSS-002, 003, 004, 005, and 006.

(ii.) The proposed pricing must be advantageous to the Government.
(b) The Government reserves the right to award or reject without discussions. Therefore, the offeror's initial proposal should contain the best terms from a price and technical standpoint.

I-FSS-969 ECONOMIC PRICE ADJUSTMENT – FSS MULTIPLE AWARD SCHEDULE (OCT 2014) (ALTERNATE II - JUL 2016)

Price adjustments include price increases and price decreases. Adjustments will be considered as follows:

(a) Contractors shall submit price decreases anytime during the contract period in which they occur. Price decreases will be handled in accordance with the provisions of the Price Reductions clause.

(b) There are two types of economic price adjustments (EPAs) possible under the Multiple Award Schedules (MAS) program for contracts not based on commercial catalogs or price lists as described below. Price adjustments may be effective on or after the first 12 months of the contract period on the following basis:

(1) Adjustments based on escalation rates negotiated prior to contract award. Normally, when escalation rates are negotiated, they result in a fixed price for the term of the contract. No separate contract modification will be provided when increases are based on negotiated escalation rates. Price increases will be effective on the 12-month anniversary date of the contract effective date, subject to paragraph (f), below.

(2) Adjustments based on an agreed-upon market indicator prior to award. The market indicator, as used in this clause, means the originally released public index, public survey or other public, based market indicator. The market indicator shall be the originally released index, survey or market indicator, not seasonally adjusted, published by the [to be negotiated], and made available at [to be identified]. Any price adjustment shall be based on the percentage change in the designated (i.e. indicator identification and date) market indicator from the initial award to the latest available as of the anniversary date of the contract effective date, subject to paragraph (e), below. If the market indicator is discontinued or deemed no longer available or reliable by the Government, the Government and the Contractor will mutually agree to a substitute. The contract modification reflecting the price adjustment will be effective upon approval by the Contracting Officer, subject to paragraph (g), below.

(c) Notwithstanding the two economic price adjustments discussed above, the Government recognizes the potential impact of unforeseeable major changes in market conditions. For those cases where such changes do occur, the contracting officer will review requests to make adjustments, subject to the Government’s examination of industry-wide market conditions and the conditions in paragraph (d) and (e), below. If
adjustments are accepted, the contract will be modified accordingly. The determination of whether or not extra-ordinary circumstances exist rests with the contracting officer. The determination of an appropriate mechanism of adjustment will be subject to negotiations.

(d) Conditions of Price change requests under paragraphs b(2) and c above:

(1) No more than three increases will be considered during each succeeding 12-month period of the contract. (For succeeding contract periods of less than 12 months, up to three increases will be considered subject to the other conditions of subparagraph (b)).

(2) Increases are requested before the last 60 days of the contract period, including options.

(3) At least 30 days elapse between requested increases.

(4) In any contract period during which price increases will be considered, the aggregate of the increases during any 12-month period shall not exceed *______* percent (*______*%) of the contract unit price in effect at the end of the preceding 12-month period. The Government reserves the right to raise the ceiling when market conditions during the contract period support such a change.

(e) The following material shall be submitted with request for a price increase under paragraphs b(2) and c above:

(1) A copy of the index, survey or pricing indicator showing the price increase and the effective date.

(2) Any other documentation requested by the Contracting Officer to support the reasonableness of the price increase.

(f) The Government reserves the right to exercise one of the following options:

(1) Accept the Contractor's price increases as requested when all conditions of (b), (c), (d), and (e) of this clause are satisfied;

(2) Negotiate more favorable prices when the total increase requested is not supported; or,

(3) Decline the price increase when the request is not supported. The Contractor may remove the item(s) from contract involved pursuant to the Cancellation Clause of this contract.

(g) Effective Date of Increases: The increased contract prices shall apply to orders issued to the Contractor on or after the effective date of the contract modification.
SCP-FSS-001-N   INSTRUCTIONS APPLICABLE TO NEW OFFERORS (OCT 2015)

all offers that propose services, with the exception of offers under Schedule 70.

(j) All offerors must comply with the following:

(1) **Section I – Administrative/Contract Data**

i. A designated Authorized Negotiator who is also a company officer (i.e., President, CEO, CFO, etc.) must complete (or have completed within one year of the date of offer submission) the *Pathway to Success* training. This free, web-based self-assessment is available through the Vendor Education Center (VEC), which can be accessed directly at [https://gsafas.secure.force.com/MASTrainingHome](https://gsafas.secure.force.com/MASTrainingHome) or through the Vendor Support Center ([http://vsc.gsa.gov](http://vsc.gsa.gov)) by selecting the “Education” tab and then “Pathway to Success.” The training session is less than two hours total and covers the major factors vendors should consider prior to submitting an offer to GSA. eOffer will verify the name of the person that completed the *Pathway to Success* training and the date of completion.

ii. The offeror must complete and submit the *Readiness Assessment for Prospective Offerors*. This free, web-based self-assessment is available through the Vendor Education Center (VEC), which can be accessed directly at [https://gsafas.secure.force.com/MASTrainingHome](https://gsafas.secure.force.com/MASTrainingHome) or through the Vendor Support Center ([http://vsc.gsa.gov](http://vsc.gsa.gov)) by selecting the “Education” tab and then “Vendor Toolbox (Readiness Assessment).” The Readiness Assessment must be completed by a company officer (i.e., President, CEO, CFO, etc.) and completed/dated within the past one-year period. This tool is designed to assist vendors in determining whether they are ready to pursue a Schedule contract and prepares them to navigate the Schedule proposal process.

iii. The offeror must be registered with the System for Award Management (SAM) at [http://www.sam.gov](http://www.sam.gov). The information provided must be current, accurate, and complete, and reflect the North American Industrial Classification System (NAICS) code(s) for this solicitation and the SINs proposed. SAM consolidates the information previously contained in the Central Contractor Registration (CCR), Excluded Parties List System (EPLS), and Online Representations and Certifications Application (ORCA) databases.

iv. The offeror must provide the following, as applicable:

(A) A copy of any cancellation letters received within the preceding two-year period for previously awarded Schedule contracts,

(B) A copy of any rejection notices received within the preceding two-year period for previously submitted Schedule offers,
(C) If a contract was previously awarded under THIS Schedule, and it was subsequently cancelled or allowed to expire due to low sales, a detailed description of the steps the offeror plans to take to generate sales through a new contract that includes the following:

1) A copy of the cancellation letter or notification of determination not to exercise an option,

2) Current Federal sales in excess of $25,000, as evidenced by copies of contractual documents that identify the Federal entity and the date and value of the product or services provided,

3) Demonstration that there is a reasonable expectation that any future award will comply with clause I-FSS-639 Contract Sales Criteria,

4) A marketing plan detailing the steps you plan to take to generate sales through a new GSA Schedule contract.

(D) Information regarding any pending offers under other Schedules, to include the name and phone number of the assigned GSA contract specialist,

(E) Information regarding any currently awarded GSA Schedule contracts, to include the awarded contract number and price list.

v. The offeror must provide financial statements for the previous two-year period (audited, if available). At a minimum, each financial statement must consist of a balance sheet and income statement. GSA will use this information to determine financial responsibility. Provide an explanation for any negative financial information disclosed, including negative equity or income. Offerors may be required to provide letters of credit or other documentation to demonstrate that adequate financial resources are available. In accordance with Federal Acquisition Regulation (FAR) 9.103(a), contracts will only be awarded to responsible prospective contractors. To be determined responsible, an offeror must have adequate financial resources to perform the contract or the ability to obtain them. Note that 1.) submission of a GSA Form 527 does not meet the aforementioned requirements, and 2.) offerors are NOT to submit tax returns.

vi. The offeror must prepare and submit a Small Business Subcontracting Plan, if applicable. The offeror is to complete the Small Business Subcontracting Plan module in eOffer if, pursuant to the applicable NAICS codes and size standards, the offeror is determined to be other than a small business concern for purposes of this solicitation. Large businesses, nonprofit organizations, and educational institutions are advised of the requirement to submit a Small Business Subcontracting Plan as detailed in clause 552.219-72 Preparation, Submission, and Negotiation of Subcontracting Plans, incorporated by reference. The Government will review each plan to ensure it is consistent with the provisions of this clause. Subcontracting plans are subject to negotiation, along with the terms and conditions of any contract resulting from this
solicitation. The offeror's subcontracting plan must be approved by the contracting officer prior to award. Failure to submit a Small Business Subcontracting Plan when required will result in the rejection of your offer.

Note: GSA's subcontracting goals can be found at the following website: http://www.sba.gov/content/smallbusinessgoaling.

vii. Unless otherwise requested, the offeror shall not submit brochures, newsletters, or other marketing materials.

viii. An Agent Authorization Letter must be completed and submitted as part of the offer if a consultant or third-party agent assisted in the preparation of the offer, will be involved in any part of the negotiation of the offer, or will be involved in any post-award actions. The template for the Agent Authorization Letter can be found as an attachment to the solicitation. The Agent Authorization Letter has both pre- and post-award delegations. For any resultant contract, the contractor is responsible for initiating a modification to ensure all authorized negotiators and delegations are up-to-date (e.g., removing an authorized negotiator that only has pre-award delegations).

(2) Section II – Technical Proposal

The offeror must address the three technical proposal factors below.

i. Factor One - Corporate Experience: The offeror must provide a narrative description of its corporate experience. This narrative must address the following:

(A) The number of years of corporate experience in providing the products/services described under this Schedule, regardless of the specific products/services being proposed – a minimum of two (2) years of corporate experience is required,

(B) Organization's number of employees, experience in the field, and resources available to enable it to fulfill requirements,

(C) Brief history of the offeror’s activities contributing to the development of expertise and capabilities related to this requirement,

(D) Information that demonstrates the offeror's organizational and accounting controls,

(E) A description of the resources presently in-house or the ability to acquire the type and kinds of personnel/products proposed,

(F) A description of how the offeror intends to market the proposed products/services to Federal clients,

(G) A discussion regarding the intended use of subcontractors.
ii. **Factor Two - Past Performance:** The offeror must order and obtain a Past Performance Evaluation from Open Ratings, Inc. (ORI). Offerors are responsible for payment to ORI for the Past Performance Evaluation.

(A) Past Performance Evaluations are valid for a period of one year from the date of issuance by ORI. If the evaluation was issued more than one year prior to the date of proposal submission via eOffer, the proposal will be rejected.

(B) The order form must be completed with a minimum of six (6) customer references submitted. A "customer reference" is defined as a person or company that has purchased relevant products/services from the offeror. The offeror is advised to use references from projects involving products/services related to this solicitation and/or those performed under NAICS code(s) applicable to proposed products/services.

(C) The offeror must upload to eOffer one (1) copy of the completed Past Performance Evaluation and one (1) copy of the order form. Failure to submit the completed evaluation and order form will result in rejection of the proposal.

(D) The offeror must address any negative feedback for each of the feedback categories contained in the ORI report, to include actions taken to minimize the problems that resulted in negative feedback.

iii. **Factor Three - Quality Control:** The offeror must provide a narrative that addresses quality control. This narrative must address the following:

(A) A description of internal review procedures that facilitate high-quality standards,

(B) Identification of individuals responsible for ensuring quality control,

(C) Whether or not subcontractors are used and, if so, the quality control measures used to ensure acceptable subcontractor performance,

(D) How potential problem areas and solutions are handled,

(E) The procedures for ensuring quality performance when meeting urgent requirements,

(F) How quality control will be managed when completing multiple projects for multiple agencies simultaneously.

(3) **Section III – Price Proposal**

i. The offeror must submit proposed pricing using the attached Price Proposal Template. The Price Proposal Template MUST be submitted in Microsoft Office Excel format. The proposed pricing structure must be consistent with the offeror’s commercial practices.
ii. The offeror must propose a mechanism for future price adjustments, as detailed below:

(A) If proposed pricing is based on a commercial price list, submit a copy of the company’s current, dated price list, catalog, or standard rate sheet (note that this must be an existing, standalone document, and not prepared for purposes of this solicitation). Future price adjustments for pricing based on a commercial price list are subject to clause 552.216-70 Economic Price Adjustment – FSS Multiple Award Schedule Contracts.

OR

(B) If proposed pricing is based on commercial market prices, future price adjustments are subject to clause I-FSS-969 Economic Price Adjustment – FSS Multiple Award Schedule. The offeror must either propose a fixed annual escalation rate or identify a relevant market indicator (e.g., the Bureau of Labor Statistics Employment Cost Index).

iii. Travel will be handled in accordance with clause C-FSS-370 Contractor Tasks/Special Requirements. Costs for transportation, lodging, meals and incidental expenses are allowable subject to the limitations contained in the Federal Travel Regulations and/or Joint Travel Regulations. These costs should not be included in proposed prices, as they are to be coordinated at the order level.

(k) Raising the Bar

In an effort to raise standards under the FSS program, the following requirements have been highlighted in all solicitations and are relevant to this Schedule, as applicable:

1. AbilityOne Program Products

The AbilityOne Program is a Federal procurement program that generates jobs for individuals who are blind or have another significant disability. In order to distribute AbilityOne products, a vendor must be an authorized AbilityOne Program distributor as designated by the U.S. AbilityOne Commission.

Certain commercial products are considered “essentially the same” (ETS) as AbilityOne products. Because AbilityOne products are mandatory purchases for Federal customers, the offeror is required to remove any ETS items from its FSS proposal. This applies only to the following Schedules: 73 - Food Service, Hospitality, Cleaning Equipment and Supplies, Chemicals and Services; 75 - Office Products/Supplies and Services and New Products/Technology; 51V - Hardware Superstore; and 70 - General Purpose Commercial Information Technology Equipment, Software, and Services.

For more information on the AbilityOne Program, ETS products, and becoming an authorized AbilityOne distributor, please visit www.abilityone.gov, or contact Mr. Eric Beale at ebeale@abilityone.gov/ (703) 603-2119.
(2) Manufacturer Part Number and Universal Product Code Data

Manufacturer Part Number (MPN) data must be submitted for all products. The offeror must ensure that the MPN for each proposed product reflects the actual number assigned. Universal Product Code Type A (UPC-A) data must also be submitted for all products for which this information is commercially available. If MPN (and UPC-A data, if commercially available) is submitted incorrectly or not submitted, the associated product may not be awarded.

(3) Frustrated Freight (applicable only to overseas delivery)

The offeror must maintain an order tracking system that permits ordering agencies to track the location of an order at any time, from the moment the order is shipped, to the point of delivery and acceptance. The offeror must also demonstrate understanding of orders bound for an international end-point delivery by providing a sample electronic version of a label appropriately marked in accordance with the FED-STD-123 and MIL-STD-129 edition in effect as of the date of solicitation issuance. An offer for OCONUS delivery will not be accepted if the offer does not demonstrate a proper tracking system and provide a sample packaging label for international delivery.

(4) Full-Product and Broad-Service Offerings

The offeror must provide a full and broad array of proposed products/services. An offer will not be accepted with limited product/service offerings unless it represents a total solution for the proposed SINs.

(5) Fair and Reasonable Pricing

To determine fair and reasonable pricing, the GSA contracting officer may consider many factors, including pricing on competitor contracts, historical pricing, and currently available pricing in other venues. Offers that are not highly competitive will not be determined fair and reasonable and will not be accepted.

(g) The following documentation requirements are completed directly through the eOffer application:

(1) Active System for Award Management (SAM) registration verification,

(2) Small Business Subcontracting Plan (if applicable),

(3) Technical Proposal.

The offeror must complete and upload the following documents to the eOffer application:

(i) The streamlined proposal instructions in SCP-FSS-001-S are common to all solicitations. Some Schedules and SINs have additional requirements specific to that particular Schedule or SIN. (iii.) The offeror must prepare and submit a Small Business Subcontracting Plan, if applicable. The offeror is to complete the Small Business Subcontracting Plan module in eOffer if, pursuant to the applicable NAICS codes and size standards, the offeror is determined to be other than a small business concern for purposes of this solicitation. Large businesses, nonprofit organizations, and educational institutions are advised of the requirement to submit a Small Business Subcontracting Plan as detailed in clause 552.219-72 Preparation, Submission, and Negotiation of Subcontracting Plans, incorporated by reference. The Government will review each plan to ensure it is consistent with the provisions of this clause. Subcontracting plans are subject to negotiation, along with the terms and conditions of any contract resulting from this solicitation. The offeror’s subcontracting plan must be approved by the contracting officer prior to award. (ii.) **Past Performance:** The offeror is not required to address this factor, as past performance will be evaluated based on existing information available to the contracting officer. The offeror may submit relevant past performance references if desired but is not required to. If submitting relevant past performance references please include point of contact information for each.

(3) **Section III - Price Proposal**

(i.) The offeror must submit proposed pricing using the attached Price Proposal Template. The Price Proposal Template MUST be submitted in Microsoft Office Excel format. The proposed pricing structure must be consistent with the offeror’s commercial practices.
