Join the Federal IT Hardware Community of Interest on GSA Interact

What is the Federal IT Hardware Community of Interest?

A collaborative, government-wide working group to discuss and work toward solving common Information Technology (IT) hardware challenges related to Client Computing (laptop/desktop), Data Centers (servers/storage), Networks (switches, routers, VoIP, wifi/security appliances) and/or VTC/Conference Room equipment and Land Mobile Radio devices.

What is GSA Interact?

The interact.gsa.gov platform is the official Federal Acquisition Services government-owned social media collaboration platform. Interact provides an open environment for connecting, communicating, learning and engaging across specific GSA acquisition topics like IT Hardware, GSA Schedules, sustainability and more.

Why join the Federal IT Hardware Community of Interest on Interact?

The Federal IT Hardware Category Community of Interest Interact group is a mechanism to encourage multi-agency and vendor coordination and collaboration in cross-cutting Information Technology Hardware focus areas.

- Participate in discussion threads on compelling IT Hardware topics;
- Share and access documents;
- Learn about upcoming meetings, workshops and training.

Who can join?

Federal, state and local government staff; members of the military, industry partners and other stakeholders

How do I join?

Sign up or log in here: <https://interact.gsa.gov/group/federal-it-hardware-community-interest>

Who can I contact to find out more?
