

MAS Consolidation Impacts to eTools

What is MAS Consolidation?

Purpose: The purpose of MAS Consolidation is to transition all current 24 legacy solicitation Multiple Award Schedules contracts into one consolidated Multiple Award Schedule.

Why is GSA doing MAS Consolidation?

- Consolidating GSA's Schedules reduces contract duplication and increase competition in the federal marketplace - contractors are able to offer all products on a single Schedule.
- The single Schedule has one set of terms and conditions, ensuring more consistency in contracting practices.
- Industry now has a single entry point for the Schedules program. They no longer have to manage multiple Schedules, reducing administrative costs and making their selling experience less burdensome.
- Consolidating to one Schedule provides greater flexibility and speed to market.
- Companies can get new, innovative products and solutions into federal agencies' hands quickly and securely.

Mass Modification

Mass Mod: GSA began releasing a formal Mass Mod to all *current* contractors on Jan 31, 2020. This enables contractors to transition their contracts from the legacy based Schedule/SIN structure to the new MAS SIN structure.

- This mass mod is administrative in nature, amounting to just *a change in the solicitation number, the number of the Schedule, the name of the Schedule, and the structure of the offerings* (Large Category, Subcategory, and SIN).
- This modification **does not** change the *contract number, products under the contract, pricing, period of performance, or other terms and conditions.*
- Once the mass mod is signed, contractors must submit a new catalog file (via SIP/EDI) within 30 days in order to revise any references to legacy Schedule structure. Contractors must sign a mass mod for each contract they hold.
- Contractors have until July 31st to sign the mass mod and transition to the new MAS consolidated Schedule.
 - **If the mass mod is not signed by July 31, contractors will be temporarily suspended from view and access to our eTools (Advantage and eBuy).**

Impacts to Contractors

Existing Contractors with legacy Schedule contracts

- Once a contractor accepts the new mass mod:
 - GSA will delete all current awarded legacy SINs on their contract;
 - and simultaneously award new MAS SINs using on the crosswalk table.

New Contractors

- GSA began awarding new offerors under the new MAS consolidated solicitation on Feb 8th.
- New contractors are being awarded SINs under the new MAS consolidated Schedule only.

MAS Crosswalk

GSA created a crosswalk that is being used to determine the new MAS SINs that will be awarded on a contract.

Crosswalk sample:

Old Legacy Schedule/SIN	New MAS SIN
75/75 200	339940
51V/105 001	332510S
70/132 8	33411

The SINs are crosswalked according to the [Available Offerings Attachment](#) located on GSA.gov.

Select a Vendor

Instructions: Listed below are vendors who currently have contracts under the Category you selected. Select the vendors you would like to invite to quote on your RFQ. You may request a quote from any or all vendors listed, but in order to satisfy FAR requirements, you should request quotes from at least three (3) vendors (if available). Please remember that vendors are not required to submit a quote.

Reminder: eBuy allows any vendor in this category to view and quote on your RFQ even if they have not been selected to receive an email invitation. The only exception to this is in the event that your RFQ is marked as a set-aside, and then only eligible vendors under that set-aside will be able to view and submit a quote.

Attention: GSA is currently undergoing a MAS Consolidation effort to modernize and simplify the buying and selling experience by consolidating our 24 legacy Multiple Award Schedules into one single Schedule, called the Multiple Award Schedule (MAS). During the transition period, in order to ensure full and open competition is achieved, buyers may choose either legacy SINs or new MAS SINs to post an opportunity. Opportunities posted will be automatically crosswalked from legacy to new SIN structure or new SIN to legacy structure, so that contractors under both structures will have the opportunity to view and submit quotes for RFQs posted on eBuy. No additional action is required on your part.

In addition to the SIN(s) chosen, this opportunity will also be visible to contractors with the following: (Schedule/SIN)

- 75/75 200
- 36/51 101 2
- 36/50 177
- 36/50 7002

Prepare RFQ

Instructions: Please enter your RFQ information below. If necessary, you may attach supporting documentation, such as statements of work, proposals, etc., by clicking on "Attach Documents". You should also include any criteria you may use to evaluate quotes.

Reminder: In order to satisfy FAR requirements, you should request quotes from at least three (3) vendors for orders exceeding the micro-purchase threshold (FAR 8.405-1). Attach justification/documentation if restricting consideration to limited sources or limiting to an item peculiar to one manufacturer (i.e. brand name), as required by paragraphs (a) or (b) of (FAR 8.405-6).

Attention: GSA is currently undergoing a MAS Consolidation effort to modernize and simplify the buying and selling experience by consolidating our 24 legacy Multiple Award Schedules into one single Schedule, called the Multiple Award Schedule (MAS). During this transition period, in order to provide full and open competition, contractors will have the opportunity to view and quote on RFQs in eBuy based on a crosswalk of the legacy Schedules and the new MAS schedule. For more information on the crosswalk, go to the [MAS Available Offerings Crosswalk](#).

Instructions: Below is a list of all active Requests For Quotes (RFQs) within your Categories. To review an RFQ and/or prepare a Quote, select the RFQ ID. A indicates you have already prepared a quote or submitted a "no quote" for that RFQ. To remove RFQs from this listing, select the appropriate RFQs and then click "Remove RFQs". Remove RFQs will not remove any quotes previously submitted, quotes will remain under My Quotes. This listing can be sorted by clicking on a column header.
