

#	QUESTION	ANSWER
VERIFIED PRODUCTS PORTAL (VPP)		
1	Where can I go for more information related to the implementation of the Verified Products Portal (VPP)?	Please visit the following link for specific guidance related to the Verified Products Portal (VPP): VPP Interact Notice
SERVICE CONTRACT LABOR STANDARDS (SCLS) WAGE DETERMINATIONS		
2	Is GSA planning to incorporate new WDs annually moving forward or every 2 years?	GSA will continue to update WDs annually.
3	Do we need to submit a new price list to incorporate updated WD?	WDs are incorporated via acceptance of the mass modification. At your discretion, you may submit a modification for price adjustments based on the updated WDs. If a modification to change the price of your items is approved, you must submit a new price list to show the updated pricing.
4	If the updated WD does NOT result in any changes to our rates, are we required to submit a modification in eMod before we update the WD reference number on our SCLS matrix and submit an updated pricelist?	No. WDs are incorporated into your contract via acceptance of the mass modification.
5	Will there be a separate training regarding SCLS Wage Determinations?	No, but if you have specific questions regarding incorporation of WDs in your contract, please reach out to your CO.
6	Are the updated WDs ALREADY available or are they being made available with the release of the upcoming mass mod?	WDs will be made available with the release of refresh 6. WDs will be posted on www.gsa.gov/mascategoryrequirements page under 'Incorporated by Reference - Offers Containing Services' section.
7	To clarify, we don't need to update our posted price list with a revised SCA matrix to the new WD's? I understand acceptance of the MAS Mod is sufficient for agreeance. Just want to ensure our Price List will be accurate based on that acceptance.	Acceptance of the mass mod will incorporate updated WDs into your contract. Any required changes to your prices must be submitted via a modification request submitted to your CO
TEMPORARY WAIVER TO SUPPORT COVID-19 RESPONSE		
8	How does GSA define "directly support"?	GSA is focused on supporting America's response to the COVID-19 pandemic; thereby sources that have COVID-19 products, services and solutions should consider submitting a response. You can research the products, services and/or solutions that are being procured to support COVID-19 response by reviewing websites that capture COVID related spending, such as usaspending.gov .

9	What is the definition of "directly to COVID?"	GSA is focused on supporting America's response to the COVID-19 pandemic; thereby sources that have COVID-19 products, services and solutions should consider submitting a response. You can research the products, services and/or solutions that are being procured to support COVID-19 response by reviewing websites that capture COVID related spending, such as usaspending.gov .
10	Is there a list of allowable Covid relevant products/services for the relaxed requirements?	No, the temporary waiver applies to all MAS solicitation categories and SINS.
11	do we show this with intended RFPs we plan to bid on?	Upcoming requirements for products and services that directly support COVID-19 response can be used to support your explanation as to how your proposed products, services and/or solutions directly support COVID-19 efforts.
12	With regards to the COVID waiver - how does the govt define "directly support"?	GSA is focused on supporting America's response to the COVID-19 pandemic; thereby sources that have COVID-19 products, services and solutions should consider submitting a response. You can research the products, services and/or solutions that are being procured to support COVID-19 response by reviewing websites that capture COVID related spending, such as usaspending.gov .
13	where on the roadmap page does it address how to implement the waiver for COVID SINS?	Contractor guidance and instructions on submitting MAS offers/modifications in support of COVID-19 are posted at: https://www.gsa.gov/buying-selling/purchasing-programs/gsa-schedule/selling-through-schedule/is-the-schedule-a-good-fit-for-me/offers-and-modifications-in-direct-support-of-covid19-efforts
14	If we apply for additional SINS or COVID-19 exception products, approximately how long will it take to process the mod? Is there a Fast track?	Modifications submitted under the authority of the temporary waiver are subject to standard review and evaluation procedures.
PAST PERFORMANCE		
15	If your entity is already a GSA MAS refresh 5 holder is it required for refresh 6 to submit past performances?	No.
16	Can you clarify CPARS details--is it possible to use 1 or 2CPARS if we don't have 3 or more?	Yes, the solicitation will allow offerors to submit additional customer references & PPQs to supplement any CPARS that meet solicitation criteria
17	CPARS sometimes have the incorrect NAICS code association. What if your past performance is applicable to the SIN code but the CPARS has the wrong NAICS association?	Relevant past performance information is not limited to contracts with NAICS codes that match the NAICS code(s) assigned to a SIN.

DRONES		
18	A question on authorized drones. Will DJI drones be permitted to use?	The updated solicitation will clarify that GSA will not award drones except those approved by the Department of Defense (DoD) Defense Innovation Unit (DIU) through its Blue sUAS Program. DJI does not have any drones currently approved by DIU.
ELECTRONIC SIGNATURE PROCESS		
19	Will DocuSign software need to be purchased for interface with GSA?	No
20	Will GSA accept documents such as cover letters that have been signed with digital certificates?	Yes
21	With digital certificates no longer required how can a consultant working with a prospective vendor start a new eOffer?	Contractors must use FAS ID multi-factor authentication to access eOffer/eMod. For more information about the implementation of FAS ID for eOffer/eMod, please reference the FAS ID User Guide via eoffer.gsa.gov .
GENERAL QUESTIONS		
22	Am I correct in my understanding that the new solicitation will allow submission of a continuous contract proposal at any time, we do not have to wait until year 14?	Under the current solicitation, existing Federal Supply Schedule (FSS) Program contractors can submit streamlined offers at any time during the existing contract's period as annotated in provision SCP-FSS-001 provided that the contractor meets ALL of the criteria outlined. Please see the current solicitation, specifically provision SCP-FSS-001 (e) and (f) for detailed information.
23	Do we have to contact with our current CO to find out more about provision SCP-FSS-001 (e) and (f) based on the current solicitation?	Yes, please reach out to your CS/CO if you have questions regarding the submission of a streamlined offer.
24	Is there any possibility that the Release date of 5/17 will be changed?	GSA currently intends to issue Refresh # 6 as scheduled on 5/17/2021. Unexpected delays are always a possibility and may push the refresh date, but we will work to limit those delays and communicate to all stakeholders if a delay is necessary.
25	What is the last date to accept the Refresh # 6 Mass Mod?	All Refresh Mass Mods are due 90 days after they are issued to the contract.
26	Will environmental attribute requirements be mandatory for more products?	There are no changes to required environmental attributes in Refresh #6.
27	Will there also be an update to the modification guidelines?	Yes, the modification guide will be updated to reflect the changes incorporated in Refresh # 6. Please see the following link for guidance applicable to Current Schedule Contractors
28	Are there ever any webinars specific to Vendor Sales and also sales training?	Please visit the Vendor Support Center at https://vsc.gsa.gov/ for additional vendor training, including information related to marketing your GSA contract.
