	Tues June 2, 2015	Wed June 3, 2015	Thurs June 4, 2015
9:00 AM	AM 1 **Welcome & Overview** **Keynote: Dr. Steve Crocker,ICANN** **SAFECode Buyer's Guide** • Eric Baize: Senior Director, Product Security and Trusted Engineering, EMC Corporation; Chairman, SAFECode • Supported during the Q&A session by: • Dr. Frances Paulisch: Head of the Software Initiative, Siemens AG; Vice Chairman, SAFECode • David Lenoe, Director: Secure Software Engineering, Adobe; Treasurer, SAFECode	AM1 **Industry Practices** • NIST Supply Chain Risk Management Research on Industry Best Practices, Jon Boyens, NIST • A Framework for Understanding Trustworthy Suppliers, Brian Cohen, IDA	AM1 **UK Trustworthy Software Initiative (TSI) Update** • Ian Bryant, TSI **Business Case WG - Cyber Insurance Discussion** • Tom Finan, DHS **Updates from Industry Practitioners** • AbilityOne Program, Scottie Knott, National Industries for the Blind • The Top 10 Things To Get Started With SCRM, Nadya Bartol, UTC • The Open Group O-TTPS Accreditation Program - and Mappings to Other Standards/Frameworks, Sally Long, The Open Group • Security Assurance Considerations For Using Third Party Software, John Heimann, Oracle
	11:00- 11:30 Break	*10:30 11 AM Break*	*11:00- 11:30 Break*
	AM2 **Acquisition WG- – Public Meeting on GSA Due Diligence RFI** • Companies that do due diligence • Companies that use due diligence	AM2 **Acquisition WG- EO 13636 Section 8e, Improving Cybersecurity And Resilience through Acquisition OEM Working Group and building a FAR Business Case** • Emile Monette, GSA **Diminishing Manufacturing Sources and Materal Shortages (DMSMS)** • Brent L. Bolner, NAVSEA	AM 2 **Testing for Digital Security Vulnerabilities: Underwriter's Labs (UL) Efforts For Testing, Rating, and Labeling Software** • The Avalanche Of Vulnerabilities, Mike Ahmadi, Codenomicon
	12:30 Lunch	*12:30 Lunch*	*12:30 Lunch*
1:30PM	PM 1 **Acquisition WG- – Public Meeting on GSA Due Diligence RFI (Continued)**	PM1 **Acquisition WG – Supply Chain Risk Scoring Systems: What would be in the scoring system? Suppliers, Services, Products (leveraging lessons learned with CVSS/CWSS)** • Bob Martin, MITRE • Hart Rossman, UMD (Invited) • Sandy B, UMD	PM1 **Testing for Digital Security Vulnerabilities: Underwriter's Labs (UL) Efforts For Testing, Rating, and Labeling Software (Continued)** • Rachna Stegall, UL • Dirk Jan, UL • Ken Modeste, UL • Anura Fernando, UL
	3:00 PM Break	*3:00 PM Break*	*3:00 PM Break*
3:30PM	PM2 **Trusted Identity and Information Sharing** • TSCP Transportation Security Coorporateion Program, Keith Ward, TSCP • Trusted Identity and Information Sharing in the DIB, Mike Waters, Booz Allen Hamilton **Integrated Adaptive Cyber Defense** • Interagency security automation efforts, Wende Peters, John Hopkins APL	PM2 **Cybersecurity in Contract Clauses** • NIST SP 800-171 Update and intended uses, Ron Ross, NIST • CIO Council Contract Clause Working Group, Adam Hughes, CIO Council • DHS standard clauses for high assurance programs, Joe Jarzombek, DHS	PM2 **Mature Practices Ready for Use - Carol Woody, SEI CERT** • Security Quality Requirements Engineering (SQUARE) • Security Engineering Risk Analysis (SERA) • Risk in the Software Supply Chain
