## OASIS

One Acquisition Solution for Integrated Services

Presenter: Jim Ghiloni, Director, OASIS Program Management Office

April 26, 2012

## Background

- GSA' Multiple Award Schedules (MAS) program, managed by the Federal Acquisition Service (FAS), originally focused primarily on providing supplies to Federal agencies
- Over the last 15 years, professional services have dominated the Federal acquisition landscape.
- FAS' Assisted Acquisition Service (AAS) began buying professional services from MAS contracts for federal clients in 2003.

## Federal Acquisition Service

### Challenges:

- AAS and numerous federal agency customers informed FAS that there were many complex, integrated professional service requirements which could not be acquired easily through MAS.
- Currently, there are no government-wide solutions available in this area.
- **As a result:** FAS is seeking the next generation of acquisition vehicles to support customers in the 21<sup>st</sup> Century

## FAS' Response: OASIS
