## Why use the IT Commodity Program?

### Value Proposition:

- Offers competitive pricing
- Increases collaboration with customer agencies and industry partners
- Promotes Zero Environment Footprint and Sustainability Initiatives, and Reduces Green House Gases
- Increases depth and breadth of IT commodities
- Improves ordering process for IT commodities

### **Specifically, the program leverages GSA Multiple Award Schedule 70 (IT) resulting in:**

- *Innovative acquisition solutions, i.e. Blanket Purchase Agreements against IT Schedules 70 reverse auction, requisitions*
- *Easier purchasing, improved service and better value for customers*
- *Streamlined operations that reduce duplication and overall contracting costs*
- *Technical Refresh provision to enable sustainability enhancements*
